MAY PROVE PAYMENT OF INTEREST

State Probers into De-
fect Columbus Bank
Promise Surprise

LATE GOVERNOR NASH

Was Aware of State Depos-
itory's Shaky Condition
and Was Greatly
Worried—Hur-
ried Hunt
for Cash.

Columbus, O., March 22.—When the probe into the connection between former State Treasurers and the now defunct Columbus Savings and Trust Company is resumed next week, it is stated that the state will put on witnesses to show the actual payment of interest. This evidence is the most important that is in sight in the hearings before Commissioner George B. Okey.

Attorney H. J. Booth and R. W. McCoy, with Prosecuting Attorney E. C. Turner and Special Counsel Frank Davis, will examine another witness or two today in secret session to see if further details of the amazing chain of graft revelations can be worked out. It may be possible to finish up their case in another week.

Attorney Barton Griffith is still appearing as the representative of the institution, but it seems probable that he will put on any witnesses to make a defense. Once yesterday during further examination of former Secretary-Treasurer H. W. Backus, he objected to a bit of testimony that Mr. Booth was trying to adduce concerning former State Treasurer Isaac B. Cameron, and suggested that Mr. Booth call Mr. Cameron himself.

Other questions he asked of Randolph K. Walton, who was a clerk in the office of former Governor Geo. K. Nash, when the governor suspected crookedness in the treasury department, indicated that he wished to develop that officers and directors of the bank could well have been unaware of the connection between the state treasury and the institution.

This very point was admitted by the state probers, who are willing to assume that not all of the officials of the institution knew what was being done. Questions propounded by Mr. Booth during the afternoon indicate that he wished to lay the foundation for showing that some of the Columbus banks were not at all satisfied to see certain favored institutions get all the deposits of state money. His questions were asked of Mr. Walton, but he did not press the matter when he learned that Mr. Walton's knowledge as to these affairs was very vague.

Definite connection between the blotted and erased pages and the treasury transactions was established during the quizzing of Mr. Backus. The transactions are the mutilated ones recorded in register B, covering the time from May, 1906, to January, 1909, when Dr. Stanley Creamer assumed office. At that time there was a depository law in force and the state is trying to show that illegal deposits were made through a ruse of "process of collection."

It developed during the afternoon that Mr. Walton had no stenographic notes of the most important letter written by Governor Nash in 1903 to former State Treasurer Cameron. He found notes of other letters, but gave testimony as to the contents of the one that preceded the appointment of F. R. Shinn and former Secretary of State L. C. Laylin to make the examination. Testifying as to its contents, Mr. Walton said that he recalled that it was delivered to Mr. Cameron by messenger and cited the fact that there was about \$400,000 in Columbus banks that should have been in the state treasury.

It developed that another banker had first tipped off the charges upon which the letter was based to Governor Nash.

It was at this point that Mr. Griffith interposed. "If you want the letter call on Mr. Cameron."

"You represent the corporation of which Mr. Cameron was president," responded Mr. Booth.

Mr. Walton was quite sure, he said, that no information went from the governor's office to the banks which were supposed to have the illegal deposits.

"Do you recall Governor Nash spending Sunday with a prominent banker?"

"No, sir," was Walton's answer.

Asked whether it would refresh his memory if the name of F. W. Huntington was suggested, Mr. Walton said it would not.

Adverting again to the demand for

return of money alleged to be in the banks, Mr. Walton was asked if he could recall that one banker went to Governor Nash to urge that more time be given the banks in which to return the funds. He had no knowledge of such a visit. He did recall that Governor Nash had consulted with officials and advisers regarding the treasury situation, former Auditor of State W. D. Guilbert being one of them.

Turning to the suggestion that bankers outside the favored circles were displeased, Mr. Booth asked Walton whether he knew anything concerning a complaint made to the governor by C. M. Mayers. Mr. Walton had no such recollection.

Before he was dismissed he was asked to look up his letter-note files for communications written in 1911, two years before the matters concerning which he had been questioned.

Testimony as to the blotted pages was given by Mr. Backus, who went over the treasurer's checks in detail, and testified to instances where checks ranging in size from \$7000 to \$75,000 were reduced to \$100 or less. In some of these transactions names of officials of the bank were

Barr and Allison Given Suspended
Sentences for Contributing to
Pearl Ford's Delinquency.

In the case of Charles C. Metz vs. David C. Metz, Caroline Metz, Anna E. Metz, Katherine R. Metz, Elizabeth K. Metz, Minnie Metz Ball, Eugene F. Ball, Maude Metz Atherton, Herbert A. Atherton, Edward H. Metz and Christa A. Metz, a suit brought to partition certain real estate, Sheriff Slabaugh Saturday morning offered said real estate at public auction at the south side of the court house and the property in general brought good prices, in all cases more than two-thirds the appraisement and in some cases considerably more than the appraisement itself.

The property was divided into seven parcels. Parcels 1, 2 and 3 include the old slaughter house property and were appraised as a whole at \$6000, and were sold to O. A. Nash for \$5030. Parcel 4 is the 22-foot front in West Main street, where the Metz meat market was formerly located, and was appraised at \$6500. It was sold for \$8121 to Dennis A. Linehan.

The fifth parcel, which consists of a triangular strip bounded on the east by Arch street and west and north by the Pennsylvania railroad, and was first offered as a whole. It was appraised at \$6900. It was then offered by lots and in this manner brought more and was thus sold. Theodore Kiecker bought lot 5689 for \$1100 and 5690 for \$1000, the appraisal being \$800 and \$700 respectively. The next seven lots, 5691-5696, were sold to O. A. Nash for a total of \$1508. David Metz bought lots 5697, 5698 and 5699 for \$269; O. A. Nash purchased lots 5700, 5701, 5702 and 5703 for \$2116; Hatfield & Provin bought lot 5704 for \$710. In this way the total received for all of parcel 5 was \$2825, or \$1353 more than the appraised value.

Parcels 6 and 7 were appraised at \$1850 and \$1600 and were sold to J. W. Rutledge for \$1695 and \$1593.

Testimony Concluded.
In common pleas court the court heard the remainder of the testimony in the case of Herbert Shaffer vs. Della Shaffer, a suit for divorce. The case will be argued some day next week.

In Common Pleas.
Wallace Wilkin vs. Wm. H. Brown et al. The receiver has filed his first report; 90 days' time was given him to file final report and wind up receivership.

Newark Trust Co. vs. Bartholomew et al., a suit in foreclosure; decree for plaintiff on first cause of action for \$2998.68; on second cause of action for \$563.26.

Suspended Sentences.
Wm. Barr and Cary Allison appeared before Judge Hunter in juvenile court and pleaded guilty to contributing to the delinquency of Pearl Ford, the 15-year-old girl recently sent to the Girls' Industrial School at Delaware. They were each given a sentence of 60 days in the county jail, which the court suspended during good behavior.

MONTENEGRO THREATENED BY AUSTRIA

Berlin, March 23.—The German foreign office learned today that armed operations against Montenegro by the Austrian navy may be expected soon. An Austrian squadron has been plying off the shores of Albania.

Officials of the German foreign office said that Austria will send one more note to Montenegro so as to exhaust the possibility of diplomacy before the character of the activity of the warships changes from a demonstration into an offensive action.

DOWAGER QUEEN OF GREECE

(By Underwood & Underwood.)
Queen Olga of Greece, who now becomes queen dowager by the assassination of her husband King George, was a sister of the late Alexander II of Russia. She was the daughter of Grand Duke Constantine, brother of the emperor. She was married to King George in 1867, and since then five sons and two daughters have come to her.

NEW CHURCH TO BE BUILT ON NEAL AVE.

The purchasing committee of the Elizabeth Chapel Methodist Episcopal church of West Newark, Saturday morning closed a deal by which the church organization gets possession of a valuable lot in Neal avenue, immediately north of Main street. The lot is 120 by 120 feet in size and is but 60 feet north of Main street. It is located on the east side of the street.

The purchase solves the problem of a church site. Some time ago, the proposed acceptance of the gift of Eli Hull of a site at Neal avenue and Neal Place was abandoned. The transfer of the new site was made Saturday morning.

The new lot is large enough for the building which the church intended to erect on the Hull site. In all probability changes will be made in the plans.

Work on the new structure will probably start within the next thirty or forty days and the building will be rushed to completion. The building will be ready for occupancy before fall.

The present church property lying between Maholin and Main streets, near the intersection of these two streets will be sold. It is understood that it will continue to be occupied as a church.

EX-CONVICT ARRESTED AT WHEELING, W. VA.

Wheeling, March 22.—Clive, alias Pop Shipman of Martins Ferry, Ohio, is in jail here today charged with robbing the postoffice at Burkholz a week ago. He has served time in the Ohio Penitentiary at Columbus for robbery.

For The Easter Bride From Her Friends

(By John P. Fallon.)

The problem of making appropriate wedding presents is no longer the task that it used to be. Of course, if one proceeds along the old method of purchasing without forethought, without knowing what to buy or where to buy, the problem is one difficult of solution.

Today, however, merchants who make a specialty of appropriate wedding gifts advertise them in THE ADVOCATE. By reading these advertisements closely and constantly every night you will be able to choose at your leisure, know just what you want and purchase to best advantage.

Among the most pleasing gifts for the Bride are Sterling Silverware, Electric or Gas Lamps, Glassware, Cut Glass, Hand Painted China, Dinner Ware, Labor-saving Household Utensils and novelty Furniture. All these things are advertised in THE ADVOCATE from time to time by Newark's most reliable merchants.

Keep your eye on the advertisements which appear in THE ADVOCATE—they will keep you posted on the "new things just out" and enable you to purchase everything you buy with forethought.

SEEK THE PURCHASER OF POISON

Arrest of Another Wo-
man Is Promised Soon
in the Eaton Case

DEFENSE IS PLANNED

By Mrs. Eaton in Her Cell
at the Plymouth Jail
Her Quiet Demeanor is
a Source of
Wonder.

Hingham, Mass., March 22.—Mrs. Ralph Keyes and Miss Dorothy Ainsworth, two granddaughters of Rear Admiral Joseph Bates Eaton, were put through a long examination by State Detective John H. Scott and Deputy Sheriff John T. Condon in an effort to learn the identity of the person who purchased the poison with which, it is alleged, the admiral was murdered.

Officer Scott said that another woman might be arrested shortly, in addition to Mrs. Jennie May Harrison Eaton, who has been charged with her husband's murder.

While the police were making every effort to strengthen their case against her, Mrs. Eaton planned her defense with her two attorneys in her cell at the Plymouth jail. Earlier in the day she had sent a note to her daughters, bidding them to be cheerful and to take care of her mother, Mrs. Harrison, who is seriously ill at the Eaton home.

It was learned that a letter written by Eaton a few days before he died, to a cousin in Boston, was the principal cause of the arrest of Mrs. Eaton. The district attorney learned of the contents of the letter only a few hours before Mrs. Eaton was taken from her home.

While the contents of the letter are being carefully guarded, it is known that through it the police believe they have found a motive for the alleged murder.

With the renewal today of the search for the drug store where the poison was sold and the intimation that a second woman would be arrested soon, it was made plain that the hypothesis the police are working on will be the charge that Mrs. Eaton sent a woman close in her confidence to purchase the poison, and that the purchaser of the deadly potion was fully aware of the use to which it was to be put.

Chief Justice Aiken of the supreme court ordered that a special grand jury convene next week to hear the evidence against Mrs. Eaton. This action was taken at the request of District Attorney Baker, who is anxious to have an indictment returned if possible before March 28, the date set for the continued hearing of Mrs. Eaton in the Hingham court.

Mrs. Eaton remained calm during her first day in jail. She arose at 8 o'clock and asked for a light breakfast, and then requested the jailer to allow her to take exercise and to keep busy sewing or at household duties. Her quiet demeanor throughout the investigation and at the time of her arrest has been a source of wonder to all connected with the case. Seldom if ever has a woman held herself in control so well under similar circumstances.

It is the joyous Easter morn.
When life from seeming death is born.
When loosed waters of the lake
Listen to bird calls in the brake.
And winds from out the perfumed south
Kiss fragrances to the May's mouth.

Christ rose from earth on this glad day
And left above His tomb a ray
To banish Doubt—there Hope beams

ARABS KILL 60 FRENCH TROOPERS

Paris, March 22.—Dispatches today told of the virtual annihilation of a small column of French troops by Arabs in Aderar region of the eastern Sahara. A body of 1,000 of the Berber tribe of Awklemid swooped down and surrounded the French detachment which was marching through the shifting sands of the desert. After a day's fighting the French retreated. Their commander, Lieut. Martin, and four sergeants were killed, together with 55 native troopers. A few troopers escaped on pack horses and brought the news to headquarters in Timbuctoo. The declared the Arabs suffered frightful losses before the annihilation of the French gave out.

CONG. HUGHES SERIOUSLY ILL

Washington, March 22.—Representative James Hughes of West Virginia, is seriously ill as a result of a breakdown. He is confined to his apartment and his condition is such that his physician has forbidden his removal to his home. However, they do not believe his illness is critical.

HIGH COURT WON'T REVIEW ALLEN CASE

Washington, March 22.—Chief Justice White today declined to grant a writ of error to have the supreme court review the death sentence imposed on C. W. Allen for his part in the "Hollywood" case, a house murder by grand jury. Allen's attorneys permission to lay the petition before the justices of any other court. Claude and his father are under sentence to die March 28.

WEATHER MAN QUITS BUREAU AT WASHINGTON

Washington, March 22.—Willis L. Moore, chief of the weather bureau, resigned today. Secretary Houston accepted the resignation after a talk with President Wilson, to become effective July 21. Prof. Moore is a Democrat and was a candidate for appointment as secretary of agriculture.

BURGLARS WERE THE BUSY WORKERS FRIDAY EVENING

Two burglaries and an attempted burglary were reported to the police department Saturday morning. Some time during the night thieves twisted the pallor from the front door of John Brown's grocery at Buena Vista and East Main streets. A rum amounting to about \$5 was stolen from the register and one pumpkin pie was carried away.

At Frank Steinman's saloon at Fourth and Walnut streets a window was forced open. As far as could be determined, nothing was stolen from the place.

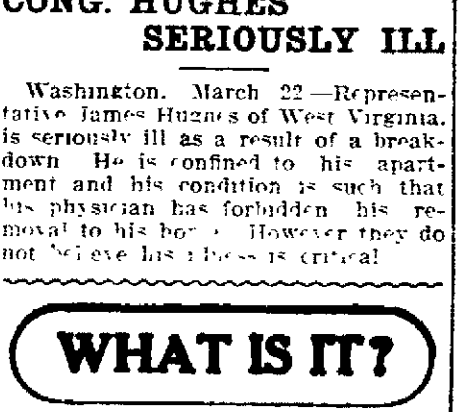

At the Mullin Grocery company's store, Third and Church streets, a panel in the door was broken in but the burglars were evidently frightened away.

Later in the morning, reports were telephoned to headquarters that the Westbrook grocery and the Ryan grocery, both in East Main street, were entered. Nothing was found missing.

Six Hundred People Inj-

Chicago, March 22.—The toll of dead in the storm that swept 20 states of the West and Middle West yesterday will reach 100. Six hundred were injured and property loss aggregating at least \$5,000,000 was done.

Partially restored communication from towns in the south today brought reports of terrible destruction. The wire damage has been so great that it probably will be several days before the exact number of dead is known.

Reports that came over crippled wires from Alabama today indicated that at least 30 persons were killed in yesterday's windstorm. The town of Peachtree was demolished by the storm and 28 lives were lost.

In Tennessee the wires were still down today, but 20 deaths were reported. Five persons were killed at Macon, Miss. A messenger brought word from Poplar Bluff, Mo., early today that five persons were killed and half a hundred injured by the tornado.

A cold wave followed the storm and spring-like weather in the north-west was succeeded today by zero temperature.

BELIEVE CHILDREN POISONED

From Drinking Stagnant Water.
Baby Dies and Three Others
Dangerously Ill.

Ralph Campbell, aged one year, is dead, and a brother, aged six, is dangerously ill at the home of the parents, Mr. and Mrs. Robert S. Campbell, in the Cherry Valley road, in West Newark, near the rolling mill. The illness which caused the death of Ralph and which seized the three other children in the family, is believed by Dr. W. B. Nye to have been caused by drinking water from a well which had not been in use for some time.

Ralph died Friday afternoon following a comparatively brief illness and the other children are still suffering from the same trouble. The water is believed to have caused a form of poisoning, producing an inflammation of the intestines.

The Campbell family came to Newark two weeks ago from Utica, where they had lived for some time. They occupied the house on the old Scheidter farm and Mr. Campbell expected to farm the place this year. The funeral of the dead child will be held Sunday afternoon at two o'clock, standard time, at the home, Rev. P. H. Frye officiating. Interment at Cedar Hill cemetery.

CO-OPERATION IS NEEDED FOR CLEAN UP DAY

When the annual "Clean-Up" day dawned in Newark April 8, some plan will have been devised whereby a more or less accurate account of the number of loads of rubbish can be kept by those in charge of the work. In the two former years when this annual housecleaning of the city was inaugurated, it was found impossible to state exactly how much trash was moved during the campaign.

No authentic records are available, but those in charge of the work last year declare that fully 2000 loads of rubbish were removed from the various streets. The year before, it is estimated that the rubbish removed amounted to 1200 or 1500 loads.

Mayor Swartz's proclamation, setting aside April 8 as "Clean-Up" day, stated that all good citizens, as well as the various organizations, would be expected to co-operate in making this day the biggest success in the history of the movement.

Individuals who give the matter little thought, have little conception of the good done by this movement. Places which never had made the acquaintance of the broom or rake were made clean and sanitary when it was found that the trash and rubbish would be removed free of cost.

Numerous complaints were heard on all sides that the privilege was abused, but where one case was found of this character, dozens and even scores of others were found where good was accomplished that would not have resulted without the "Clean-Up" day campaign.

From time to time, suggestions will be made by those in charge of the work which, if carried out, will facilitate the handling of the trash and make it possible to move a much larger bulk than if a haphazard method is employed.

Residents taking advantage of this opportunity will be requested to place the trash in bags or old baskets, so these receptacles can be lifted into the wagon, saving the time necessary to properly clean up each individual pile with a shovel and broom.

In many cases last year the trash was dumped into the street where deep furrows had been made in the soft earth by wagon wheels and it was next to impossible to take this up satisfactorily.

Owners of lots much below the street level, where such materials as will be taken up on this day, can be dumped, will be asked to leave

their names and the location of their lots with the officials in charge.

The fact will be emphasized from time to time that garbage or other matter liable to decay and become offensive, must not be included in the trash piled up for removal.

The reason for this discrimination is plain. The rules of the health department require an entirely different disposition to be made of matter subject to decay. This goes to the garbage reduction plant south of the city, but all dirt, trash or rubbish, free from such materials, may be dumped from the city's dumping grounds in the river bottoms in Oklahoma.

In either case, however, it is necessary for the dumping to be done under competent supervision. It is safe to say that all public spirited citizens will co-operate with the health and service departments in making the 1913 "Clean-Up" day a big success.

A WADING POOL TO BE FEATURE OF PLAYGROUND

Hon. Edward Kibler, president of the Newark Board of Education said Saturday:

"The cut in last night's Advocate showing a wading pool as a part of a children's play ground, furnishes a valuable suggestion to the Board of Education in reference to the Eleven street athletic field and this is made possible by the kindness of Messrs. J. A. Flory and Ellis Jones, the executors of Abram Flory's will, who on Friday delivered a deed to the Board of Education for the ground lying between the rectangular plot of six and one-half acres heretofore conveyed and the center of Racoon creek, so that the entire south boundary line of the athletic field will now be the center of the creek. This conveyance was made without any expense to the Board of Education and these gentlemen therefore deserve the thanks of the city. It will be an easy matter, as a part of the equipment, to establish this pool near the south boundary of the play ground."

STOMACH UPSET? SOUR? "CASCARETS"

Gently, But Thoroughly Cleanse and Regulate Your Stomach, Liver and Bowels While You Sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach; the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning. A ten cent box from any drug store will keep your stomach sweet, liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

ROYAL

The most economical of all Baking Powder

Absolutely Pure

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder is more economical than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of genuine baking powders, but containing alum, are frequently distributed from door to door, or advertised and offered at a low price. Such are mixtures of unhealthful ingredients. In England, France, Germany and some sections of the United States the sale of alum baking powder is prohibited by law. Alum is a corrosive mineral acid, and physicians condemn baking powders containing it.

The label upon baking powders must show the ingredients.

"JACK RABBIT" IS JUST 20 YEARS OLD

"Funny, isn't it?" said W. C. Parker. "How things work out here it is Easter again with the candy eggs and rabbits and on the heels of it the Newark Auto show to be held at the home of the Apperson Jack Rabbit, the Auditorium garage."

Mr. Parker dropped into town to make arrangements for the Apperson display at the show. He is known to be the youngest salesman in the automobile business and also the busiest. He is visiting the Apperson dealers in Ohio and will be here the last three days of next week. It was just after Easter in 1893 he said when Emmer Apperson designed America's first gasoline motor car in Kokomo, Ind. The first trip was made on the Fourth of July of the same year. What if it did only make a few wheezes and grunts? But right there was the beginning of one of our greatest industries, and to commemorate the event that very car was placed in the Smithsonian Institute at Washington, where it still remains a priceless relic.

Newark will hold an auto show next week just twenty years to a week from the time the famous Apperson Jack Rabbit was designed.

Napoleon's Concentration.
The leading military principles of Napoleon were to seize the initiative by concentrating one's forces from marching into fighting order as quickly as possible and, having massed the troops as compactly as effective action will permit, to attack swiftly. This attack must be upon a portion only of the enemy's army, and the weight of one's whole force must be crowded in, so that at the point of action a decided superiority is attained. This theory of action he often explained to his generals. Moreau, in conversation with Napoleon in 1799, remarked that it was always the greater numbers that won, to which Napoleon replied: "You are right. When, with inferior forces, I had a large army before me I concentrated mine rapidly and fell like lightning upon one of the enemy's wings and routed it. Then I took advantage of the confusion which this maneuver never failed to produce in the opposing army to attack it on another point, but always with my whole force. Thus I beat it in detail, and the victory which was the result was always, as you see, the triumph of the larger over the lesser."—Edward D. Jones in Engineering Magazine.

Animals Used to Test Drugs.
Use in making of chemical manufacture of various animals, such as chickens, dogs, cats and frogs, to test the efficacy of drugs.
Argentine, for instance, is tested on chickens in a very simple way. Should it fail to make a chicken's comb black it is at once known by the experimenter that the drug is worthless. Dogs are used to test hashish. This is made from female larks of Brazil, the birds having no particular sentimental value. Hashish administered to dogs induces a peculiar pathological condition, if the drug is correctly prepared, which is seen in no other animal but man himself.
Digitalis, the heart stimulant, is best tested on frogs. Injecting a drop of the drug into the stomach of the frog, the chemist, by means of the kymograph, or better recording machine, studies the changes of the frog's heart action, thus obtaining accurate knowledge as to the effect of that particular kind of digitalis.—St. Louis Republic.

Father—Well, in one of yours. Your granddad is an ancestor. Teddy—Oh, but why is it that I don't brag about them?

Color Freak.
"Keep your face so called because the earth goes round the sun for three years, but in the fourth year it leaps over it!" wrote a very youthful student in an examination paper.

New Yorkers are calling for a law to prohibit vituperation.

Columbus, O., will appoint physicians for its public schools.

SURE WAY TO REMOVE FRECKLES AND ERUPTIONS.

(From Fashion Record.)
Some women have skin of such texture they occasionally are annoyed by the sudden appearance of freckles, slight eruptions or fine lines. Much skin usually has to do with skins of that kind. In any case if one will procure an ounce of common mercuric wax at any drug store, apply this before retiring, the cold cream she can easily overcome the trouble. When the wax is washed off next morning, freckles, skin particles come with it. The entire outside is renewed in this way in about a week with all its defects. No bleach could so completely remove every freckle or blemish. The new surface is smooth, clear, fresh looking. No pain or inconvenience accompanies this simple treatment.
In case of eruptions which sink in, the outer skin solution of salicylic acid, dissolved in a pint with lavender makes a face wash which is wonderfully effective. (Advertisement.)

SUMMER SCHOOL AT WOOSTER, O. JUNE 23 AUG. 15

But six less than 1200 students enrolled last summer, making Wooster if not the largest, one of the largest self-supported schools in the United States. Size does not make merit, but there are some things that nothing but money will secure.

Strong Faculty, Wide Range.
Ten different states contribute the teaching corps, representing twenty-five colleges and universities. This corps of instructors represents every field of work, and is practically permanent save as growth makes new additions. No inexperienced teachers employed. All elected by the Trustees of Wooster University; all work accepted without further examination by all colleges and normal schools.

Minimum Cost, Maximum Efficiency.
The School is not conducted to make money, or else has failed. Highest-priced board and room only \$4.25 a week, from that down. Tuition only \$12, eight weeks and six days in the week. More than two hundred recitations every day. Normal, secondary, collegiate, post-graduate and commercial courses, oratory, all kinds of music, domestic science, training classes in all grade and high school subjects, supervisors' courses, everything demanded.

Clearing House for Teachers.
More than \$150,000 worth of positions are secured each year for Wooster students, absolutely free, from country school to college, and thousands of dollars lost because of no material to recommend. Granting efficiency, character and preparation, students are never disappointed in positions at Wooster. Money saved in commissions and secured in advance of salary each year more than equals the entire income of the school.

One of the finest lecture courses in the country, eighteen numbers, eight and one-third cents a number. An inspirational chapel address every day by some one with a message. A veritable chataqua, but without the cost.

Advantages in Agriculture.
The Ohio Experiment Station at the door of the school and the entire Station staff secured for lectures. Seven courses in agriculture, including one in experimentation alone. No other school in the country can afford such advantages.

Write for Literature Today.
It will tell you all about the work and what promises to be the best term the school has ever known. We want every reader of the Advocate to become acquainted with Wooster Summer School. Your catalog will be sent at once by addressing J. H. DICKSON, Principal Academy and Summer School, Wooster, Ohio. (Mention the Advocate.)

SOCIETY

Young Woman's Christian Association At Home

Sunday afternoon—3:30 to 5:00. Hostesses: Mrs. Howard Baggs, Miss Cora Hoover, assisted by Misses Lillian Garber, Mary Long and Julia Sells.

Program—Orchestra: Easter Hymn; solo, Miss Place; Orchestra: solo, Miss Esther Graef; violin solo, Miss Martha Flurschutz; quartet, High school girls. Three five minute talks on the Trees, Flowers and Birds of Spring; duet, "Just As I Am"; Vesper hour, will be addressed by Dean Loveridge of Granville. Special Easter decorations, and informal tea.

Mr. and Mrs. E. L. Hartman, Misses Bertha Oldaker, Thelma McLaon, Messrs. Earl Stauffer and William Paulson made up a Newark party which attended the play "Ben Hur" at the Hartman theatre, Columbus Monday evening.

The girls of the Minervian Literary club gave a party at the home of Miss Hazel Rutherford in Fulton avenue on Monday evening. The rooms were beautifully decorated with green and white, the colors of the club, and also emblematic of St. Patrick's day. The guests were first ushered into Erin's land, a typical reproduction of the land across the sea. Games and music furnished the amusement of the evening, the prizes being awarded to Miss Hazel Athey and Master Russell Rutherford.

A three course luncheon was served in the dining room, the guests being seated by the means of dainty hand-painted place cards. Those present were: Misses Lois Marple, Violet Hertel, Fay Shirer, Hazel Long, Edna Gearhart, Garnet Hertel, and Hazel Athey, Messrs. Richard Fatig, Paul Tanner, Fred Cole, William Shirr, Howard Holzberry, James Trinitino, Ellis Lamp, Russell Rutherford. The favors given the guests were miniature clay pipes.

The members of the Sesame Sewing club held their annual winter picnic at the home of Mrs. Will Flohr on Friday afternoon of last week.

In the contest the club prize was won by Miss Louise Andrews and Mrs. Lawrence Flohr won the guest prize. Following the social hour the members and guests returned to the dining

room where a most pleasing sight met the eye. The table was loaded with all good things of the season to which all did ample justice.

The NonPlus club met at the home of Miss Goldie Lydie in South Pine street, Friday. The house was beautifully decorated with pink and white carnations. After a pleasant evening spent with music and sewing a dainty luncheon was served the following members: Misses Dorothea Harris, Sylvia Howard, Hazel Rutherford, Lois Marple, Bernice George, Mildred Humphrey, Violet Coss, Edith Crammer, Doris Handell, Hazel Greene, Stella Davis and the hostess, The guest of the club was Miss Ruth Daley.

Mrs. Winnie Kagy entertained fourteen members of the Cross-Country club at her home in Luray on Thursday afternoon. After the usual business two hours were pleasantly passed in social conversation and the fancy needlework of the day. At the close of the afternoon dainty refreshments were served by the hostess, assisted by Mrs. Emma Kagy. Mrs. Robert Embry was a guest of the club.

Mrs. Joseph E. Stewart entertained Mrs. Elizabeth Blinn at her birthplace on her seventy-seventh birthday anniversary. Those present were Mrs. Ida Wilson, Mr. and Mrs. Jacob Blinn, Mr. and Mrs. Allen Stewart, and Mr. James G. Walker. A fine dinner was served and the afternoon was spent in a jolly good time. In the evening the crowd departed, wishing Mrs. Blinn many more happy birthday anniversaries.

The last meeting of the season of the Review club is being held at the home of Mrs. Mary H. Weiny in Eleventh street this afternoon. Quotations will be given by Mrs. Emma Zentmyer, while on the subject "The Newark of the Future." Mrs. Teresa Stevens is the leader, assisted by Mrs. Annie G. Hatch and Mrs. Ida M. Tucker. Replacing current events, by Mrs. Chase, Mrs. Ida M. Jones will give a paper. Prof. O. J. Barnes, principal of the High school will also appear before the club giving a short talk on the new playground movement.

RUSTERHOLZ—PRIEST.
Saturday morning at 10 o'clock, Rev. G. W. Tyler of Eastern avenue united in marriage Miss Myrtle Priest and Mr. Otto Rusterholz of Hazelhurst, Pa. Mr. and Mrs. Rusterholz left Saturday afternoon for Hazelhurst, where the groom is employed as a dress maker.

The Easter Dawning

HERE is death in every part of me," prayed one of the early Christian fathers, "let there be an Easter dawning."

If we looked at ourselves as searchingly as did this early pietist, perhaps we would echo his prayer.

Without doubt, there is death in many parts of us, even if we will not admit it, in all.

In some of us, is there not death in our affection? Would not life be brighter, fuller, richer and happier for ourselves and for those about us, if with the dawn of Easter, tomorrow, there was a resurrection in us of sympathy, or thoughtfulness, or kindness, or courtesy, or some one of those flowers of action that bloom from regard for others?

In the year that is past, we may have grown hard, or cold, or thoughtless, or ungracious. We may scarcely realize this. These things may have crept in quietly, insidiously, until they have overgrown and buried those finer qualities of our nature.

But this is the season of resurrection. Wake the affections to an Easter dawning, and let them bloom forth again in beauty and life.

Perhaps our conscience is dead. We have seen so much wrong about us, we have noted everywhere, the wicked in high places, that we think what is the use of our trying to do right, that it doesn't pay. And gradually the still, small voice within us has grown fainter, and now it is silent altogether.

But in reality, few of us believe in the death of the conscience. We feel that a true and needed friend has gone from us. We miss his companionship. When all other comfort failed, we found comfort in his approval.

But this is the season of resurrection. Let us roll the stone from that sealed chamber of our dead conscience, and bid it walk forth. Let us wake it to life again, and bid it stay close by us through the rest of our earthly pilgrimage. And though the wicked may flourish as the bay tree, we will know a happiness they never reach; no matter how high they may be enthroned upon the pinnacle of worldly success.

Then, our aspirations may have died. Our struggle for bread and butter, our inability to get out of our humdrum environment may have killed all those impulses that once were ours toward fine and noble things. We have lost our ideals. We have come to think a belief in such things is foolishness, and that they are altogether out of place in the hard world in which we live.

But of all the resurrections we may need, the resurrection of our ideals is the one we most need. They are our guiding stars. Without them, we drift, hopeless, on a dark and sullen sea. They are the joy of life. Without them, we walk a barren and cheerless road. They are the life of our life, the very core of our being, the voice of our real self.

If we resurrect naught else tomorrow, let us resurrect our ideals; if they have been killed in the daily warfare for bread, and burned under the hard, cold materialism of every day life.

But in whatever part of us we feel death, let us remember with joy that tomorrow is an Easter dawning, that now is with us the season of resurrection, and that what seemed dead has the power to arise into newness of life.

PARISH CREDIT—Plain, simple, dignified and honorable—has solved the home making problem for tens of thousands. It will solve the problem for you. There are a number of things which characterize **PARISH CREDIT**. IT IS THE MOST LIBERAL—The terms quoted above cannot be secured from any other concern. WHY? Because no other concern in the state is as **BIG AS THE PARISH CO.** no other concern operates 18 stores in 17 Ohio cities.

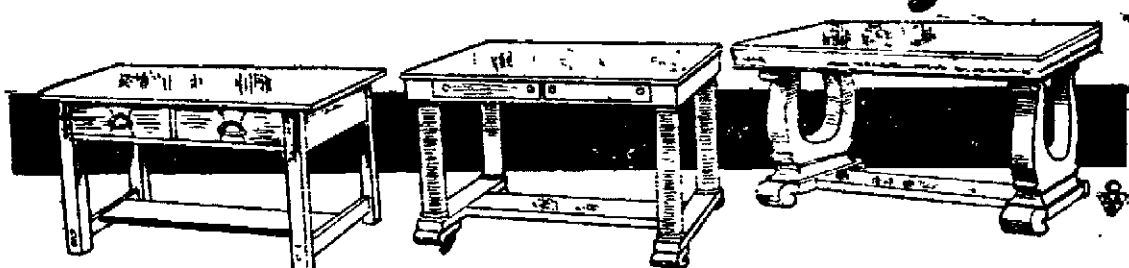

PARISH CREDIT PRICES are the same, or lower than other dealers **CASH PRICES**—WHY? Because no extra charge is made for credit; because being the **BIGGEST**, **THEY BUY MORE, BUY CHEAPER and SELL FOR LESS.**

PARISH CREDIT IS SIMPLE—You won't be put through the "third degree" when you secure credit here. You won't be asked a lot of questions, you won't be humiliated. No; there are no embarrassments, no red tape here.

PARISH CREDIT PROTECTS YOU—When you buy here you become one of this big Parish family. We will take care of you in sickness or when out of work, and this might mean a great deal to you.

Why has this company had such a phenomenal growth in a quarter of a century, from one small store to 18 large ones? **YOU KNOW WHY.** They have won the eternal confidence of the buying public. **GUARANTEED GOODS, HONEST PRICES, SQUARE DEALING, GOLDEN RULE TREATMENT** coupled with the most **LIBERAL CREDIT ARRANGEMENT**—That's the secret. **EVERYTHING EXACTLY AS REPRESENTED, OR YOUR MONEY BACK**—that's our plan. Are we busy? Just drop around and see. We have had to double our delivery service and Wednesday we were obliged to secure 5 **EXTRA MEN** and 4 **EXTRA WAGONS** to make our deliveries. Indeed, we're busy. This is the greatest **DOLLAR DOWN SALE** we have ever had. We'll be glad to see you.

LABOR NEWS

The regular meeting of the Newark Trades and Labor Assembly will be held Sunday morning in Labor Hall promptly at 9 o'clock. Business of importance demands the attention of the delegates, who are urged to come early.

There will be reports from several important committees, among them the Labor Day committee, which will have something to say about the day we celebrate. Now is the time to get busy if we expect to have a celebration.

Our last meeting, March 9, was largely attended and all officers were present. The meeting was very interesting from start to finish. The objects and aims of unionism were discussed by various delegates. Many communications were read by Secretary Johnson and referred to proper committees, and the minutes of the preceding meeting were approved as read.

The following brothers were obligated as delegates: Bro. Herbert Horner, Stage Employees; Bro. Wm. Corn, Flint Glass Workers; Bros. Montgomery and Lampton, Painters and Decorators.

Bro. Scanlon of Boston, representing the Boot and Shoe Workers' Union, gave a very fine address on the "Union Label." He may be with us again tomorrow. Come out and meet and hear him. And—don't forget to ask for the union label on everything you buy.

The First Coins.
The first coins of the United States were struck with the portrait of Martha Washington. Mr. Spencer, who cut the first die, copied her features on the medallion. George Washington was greatly annoyed when he saw the coins and demanded that the figure be removed. The coinage was immediately stopped and before any more were issued the features of Mrs. Washington were slightly altered and a cap was placed on her head. This was the manner in which the Liberty head originated.

A Favorite Poem.
About Ben Adhem (may his tribe increase),
Awoke one night from a dream of peace,
And saw within the moonlight in his room,
Making it rich and like a lil in bloom,
An angel writing in a book of gold.
Exceeding peace had made Ben Adhem hold,
And to the presence in the room he said,
"What writest thou?" The vision raised his head,
And with a look made of all sweet accord,
Answered, "The names of those who love the Lord."
"And is mine one?" said Abou.
"Nay, not so," Replied the angel. Abou spoke more low,
And cheerily still, and said, "I pray thee,
Write me as one that loves his fellow men."
The angel wrote and vanished. The next night
It came again, with a great awakening light,
And showed the names whom God had blessed—
And lo, Ben Adhem's name led all the rest!

TRAINMEN SUE B. & O. COMPANY IN U. S. COURT

DISTRICT ATTORNEY AT COLUMBUS BRINGS ACTION FOR NEWARK MEN.

Thirteen Charge They Were Worked More Than Sixteen Successive Hours Without Rest.

Charging the Baltimore & Ohio Railroad Co. with violating the provisions of the interstate commerce law in working employees for a longer continuous period than 16 consecutive hours, United States District Attorney S. T. McPherson has filed suit against the company for \$2500 damages in federal court at Columbus.

The men were all employed on the railroad between either Chicago and Newark or Chicago Junction and Newark, and there are 12 alleged offenses. The men who it is alleged, worked from 8 o'clock a. m. November 8, until 12:20 a. m., November 9, of last year, without any rest, are J. Adkins and J. M. Mc-

Kittrick, engineers; J. F. O'Neill and T. F. Mulguinn, conductors; C. E. Kemp and W. E. Huffman, firemen; and W. H. Swan, D. E. Williams, D. H. Lashley, H. B. Wheeler, F. J. Bridgmond, William Sutton and W. H. Andrews, trainmen.

Y. M. C. A. NOTES

Fifty boys attended Bible classes this week. The high school class did not meet Monday evening because many of its members went to Delaware with the team.
The two shop meetings were well attended, there being 66 at the B. & O. shops and about 100 at the Heisey factory. Secretary Johnson spoke at the B. & O. shops. Mr. Hazlett being sick that day, and Rev. W. D. Ward at the Heisey factory. Miss Helen Nichols sang and Miss Ruth Shrake played the organ. Mr. K. I. Dickerson gave special help with his flute.

Mr. Jackson and Mr. Lemon, representatives of the Hoosier Kitchen Cabinet Co., are occupying rooms while in town.
W. W. Broadbent, who is employed with the New England Construction Co. at the new electric light plant, has returned to room 15 after being in Tiffin for several weeks.
H. H. Wright of Wooster, uncle

of former Physical Director E. H. Wright, spent two nights in the building this week.

On Sunday, March 20, H. E. McMaster, former assistant secretary, and now social and membership secretary at East Liberty branch, Pittsburgh, Pa., will speak at the boys' meeting. There will be no meeting Easter Sunday.

At a meeting of the finance committee of the board on Thursday evening, definite arrangements were made to raise money to assist in the current expenses of the association on the week beginning April 6. The amount to be raised in \$3500. The earnings of the building last year were \$4000 and \$3000 was raised from the public. The following men constitute the finance committee: Dr. C. L. Wreth, C. Harrington, Davis, H. D. Oliver, Jr., and Harry Scott. Secretary Johnson will speak at Granville Sunday afternoon in the interest of the boys' club being formed there by Philip Reister, a Denison student, backed by business men of Granville.

Hon. Chas. H. Kibler remembered the association while in Florida and sent in his annual subscription to the work. Mr. Kibler has always been a firm friend of the association.

If you have no family tree, branch out for yourself.

BIRTHDAY CONGRATULATIONS FOR CACTUS CRATH AND FOR PEACHES GRAHAM.

Birthday congratulations are due tomorrow to a pair of baseball stars, with horticultural monikers—"Cactus" Cravath, outfielder for the Phillies, and "Peaches" Graham, former pitcher, catcher, first baseman, second baseman, third baseman, shortstop, right fielder, center fielder and left fielder, of Rock Island, Colorado Springs, Minneapolis, Boston, Chicago, Toronto, and points east, west, north and south, all a-board! Both are westerns by birth. George F., alias Peaches, having been born in Aledo, Iowa, March 23, 1889, and Mr. Clifford Cactus Cravath in San Diego, Cal., March 23, 1882. Therefore, Peaches is 23 and Cactus 31.

Graham's initial experience in professional baseball was back in 1902-3, when he wore Rock Island on his manly buzum. He twirled and first, second and third-basemen, and shortstop and outfielder for the Three-I club. With Colorado Springs, then in the Western League he showed similar versatility in 1904, and continued to be an all-round ball player with Minneapolis in the American Association, during the next three years. When the Boston Nationals got him in 1908, Peaches decided he was a catcher. He continued as backstop for the Beaneaters until 1911, when he had a brief experience with the Cubs.

This year he will play with Toronto, in the International Association. Graham owns a farm near Morrow, Minn., where he has been passing the winter, and is a neighbor of Josh Clark, formerly of Minneapolis and several other clubs.

Cactus Cravath got his start with Los Angeles, in the Pacific Coast League, ten years ago, and played outfield for that club five years. Boston, Chicago and Washington American League clubs had him in 1908, but sent him back to the minors. In 1909 he went to Minneapolis and fairly burned up the American Association circuit in that and the two following years. In 1911, his last year with Minneapolis, he swatted the ball for a batting average of .363, which is not so bad, all things considered. At the close of the season the manager of the Phillies decided that he needed Cravath in his business and the deal was made for a cash consideration of \$4000. During his first year with the Phillies Cravath batted .284 and fielded at a .966 gait.

Are You Constipated?
If so, get a box of Dr. King's New Life Pills, take them regularly and your trouble will quickly disappear. They will stimulate the liver, improve your digestion and get rid of all the poisons from your system. They will surely get you well again. 25c at F. D. Hall's.

used originally in others fictitious names, "N. Rader" and "G. Glick" being examples.

All told, there were 19 of them, representing original entries of \$480,000, which had been reduced by bogus entries and alterations to \$1230.

This represented a reduction of nearly \$470,000 in the period between June 13, 1903, and January 8, 1910, when Mr. Creamer came into office, and the connection between the institution and the treasury was permanently severed.

"Is there not manifested a deliberate purpose to falsify the records for the purpose of suppressing knowledge of original transactions?" asked Prober Booth. The answer was "Yes."

"Are not the transactions, the record of which is mutilated, those between the treasury and those in charge of the bank?" continued Mr. Booth.

"Again an affirmative answer was given."

"Was it not the purpose to defraud the state?"

"Yes."

The last bit of evidence which Mr. Backus gave was that every appearance indicated that leaves of register B intentionally had been daubed with ink to conceal the record of transactions.

At the morning session Mr. Backus told how every employee of the bank scammed around on the last day in June, 1903, when the state treasurer made a hurried call for funds, which followed the hot letter which former Governor Nash is said to have written. That day some one came in and had a hurried conference with Mr. Cameron, after which orders were given to get \$125,000 to the treasury in double quick order.

That day there was only \$20,000 in money in the bank and drafts on the other banks were hurriedly prepared. Messengers were soon flitting between the institution and the payee banks and the money was made ready for delivery by Mr. Backus. He admitted, quite good-naturedly, there was some stress in getting things in order. Then, when Governor Nash's probers came, everything was ready for them.

It developed last night that the reason Watson was asked to get his stenographic notes for 1901 was that a load of still larger sums unlawfully out has been found.

The quarterly statement of the condition of the state treasury, filed with Governor Nash Aug. 5, 1901, showed an item reading: "Bank exchanges and drafts in process of collection, \$455,000." The item of cash on hand read \$482,997.11, indicating that less than half of the state's cash was on hand.

No other quarterly report of that year, either before or after, shows a single cent in process of collection.

Governor Nash at that time was entering upon a campaign for reelection and was extremely concerned that no undue publicity be given the situation. He told his political counselors that he would discuss the situation with a banker. From other sources it was intimated to him that the enforcement and immediate collection of so large a sum of money from nearly banks would probably result in embarrassment. It was said that an influential banker called on the governor and made that statement to him, and as a result he ordered the money collected, but allowed some leniency as to time.

That not even the members of the executive committee of the Columbus Savings Bank and Trust Company were permitted to know of its shady transactions developed in a conversation with two directors. It was not until the present week that these men learned anything of the details of large transactions that now are public property, it was stated.

It is known that several of the directors feel very strongly against those who deceived them and at a meeting of the principals this week at least one of them was forced to admit his deceit. This, it is said, will come out in the testimony.

LODGE NEWS

Newark Lodge, No. 13, K. of P.

Last Thursday night, after the regular routine business was disposed of, the Page and Esquire rank were conferred upon a class of candidates. A number of new applications were received and read and arrangements were made to confer the Esquire rank again next Thursday night.

The membership is getting very near the 400 mark and will go beyond that number in the near future, and we will say to the members of No. 13 that when this is accomplished there will be something to bring in our applications and hurry the matter along.

The Knight rank will no doubt be conferred on Thursday night, April 3, and we want you all present at that time.

Next Thursday night, the 27th, is the last meeting before your dues become payable for the next quarter. Better come to lodge and look after them, and not get in arrears.

Roland Lodge, K. of P.

The Knight rank was conferred on four Esquires last Tuesday night by Roland's crack dance team, the work being of a high order and won many encomiums from the large crowd present. The seven brothers who had not taken the obligation last week, together with the four going through this week, made a group of eleven fine looking young knights, who will undoubtedly do credit to Pythianism wherever they may be. In their remarks under the "good of the order," these brave and valiant knights impressed all with their earnestness and their appreciation of the work of our order.

Next Tuesday night another class will be started through the ranks, the first or Page rank being conferred. The committee to make arrangements for the annual observance of a K. of P. Memorial Sunday was appointed by the chancellor commander. While this memorial day does not come until June, arrangements are always made some time in advance, so that nothing will mar the solemn observance. After the work last Tuesday night the entertainment committee had a fine buffet lunch waiting in the dining room to which all did ample justice.

All the brothers on the sick list are doing nicely. There has been an unusual amount of sickness the past winter and, besides the members living in the city, we have been caring for others in Nashport, Pleasant City, Columbus, Indianapolis and Denver. All the larger cities have relief committees of the K. of P. who look after sick knights and report to the home lodge. It is a noble work and will ever appeal to all true-hearted men.

Monday night is being used by the drill team for practice, and all knights in this team are expected to be present. This team will soon be ready to assist in the degree work and will add greatly to the initiatory ceremonies.

Daughters of America.

At the last regular meeting of Banner Council, No. 101, there was a good attendance and great interest is manifested in the "member getting contest." The Reds are leading in both candidates and attendance, but the blues are hustling and some fun is promised for next Wednesday evening. All members are cordially invited to join in the contest and the team is requested to be present for practice preparatory for class initiation April 23, when the state counselor will be present.

Home Guards of America.

Newark Home, No. 31, met in regular session Wednesday evening. Two applications were referred to the committee and passed the ballot. Two candidates were given the secret work of the order. New members are received every meeting night. The drill team was present and gave an excellent drill. The captain of the team requests the team to be present next Wednesday evening they are expected to do some work. Dr. Yowell, one of our examining physicians, was reported to be in poor health, and has been removed to his country home. He extends his sincere thanks and appreciation to the order for the beautiful flowers presented to him on his departure.

Light Weight Boxer Dies From a Blow

Pittsburg, March 22.—Tommy Lavelle, local light weight boxer, died at a hospital yesterday as a result of a blow he received in a boxing bout before the Taffet Club last night. He died of a fractured skull.

George Adamson, Lavelle's opponent in the bout, was arrested, and held pending the coroner's investigation.

Inside Information.

"Silk stockings must be very cheap in America. Nowhere in the world do women's slim and supple ankles gleam in lustrous silk as they do here."

The speaker was an English actor. He continued:

"A married man told me the other day that, going into one of your department stores, he said to a floor-walker:

"I'm looking for something pretty in silk stockings."

"The floorwalker smiled and, with a gesture, embraced the long rows of counters, with their charming saleswomen."

"That remark," he said, "describes, I believe, practically every one of our young ladies."—New York Tribune.

SMALLEST HORSE IN THE WORLD

Jim Broughton, MENDER OF SOLES, No. 6 Arcade Annex, has on exhibition in the window of his store a mounted horse, the smallest in the world. This horse stands 22 inches high, weighed 50 lbs. when alive, and, although of miniature size, is perfectly formed. It died October last, being seven years of age at the time of death.

This mount is attracting considerable attention from the passers-by through the Arcade Annex, as well it should.

THE BIRTHDAY CALENDAR

FAVORITERY

March 22

IF THIS IS YOUR BIRTHDAY

Your prospects will be improved by a little more attention to the changing standards of modern times and a careful study of details, which are now left to others. A journey or change is in store for you which promises good fortune.

Those born today will be too fond of frivolity to give serious attention to anything worth while. This tendency should be allowed to run itself out early in life, for too much restraint will only strengthen it. Shallowness is easily understood if seen from the inside and explained without harshness by those who are not shallow.

23 MARCH

IF THIS IS YOUR BIRTHDAY

Avoid risks, for some accident threatens you. You will have annoyances and disagreements, out of which you will come successfully, if you are wise enough to distinguish between friends and enemies.

Those born today will have marked talents and will scorn danger, but they will not naturally understand the disadvantages of disobedience. They should have careful instruction in this and in the matter of everyday caution and forethought.

After searching 36 hours for a "lost horse," Al Stevens of New York discovered that the animal had walked upstairs to the loft.

Denver will restore clubs to its policemen.

BABY IN GREAT MISERY WITH RASH

On Face, Spread Until Nearly All Over Body, Crust on Head. Hair Fell Out, Itch Terrible. Cuticura Soap and Ointment Cured.

Moore, Wis.—"When my baby was six weeks old there came a rash on his face which finally spread until it got nearly all over his body. It formed a crust on his head, hair fell out and the itch was terrible. When he would scratch the crust the water would ooze out in big drops. On face and body it was in a dry form and would scale off. He was in great misery and at nights I would lay awake holding his hands so that he could not scratch and disfigure himself. I tried simple remedies at first, then got medicine, but it did no good. Finally a friend suggested Cuticura Remedies, so I sent for a sample to see what they would do, when to my surprise after a few applications I could see an improvement, and he would rest better. I bought a box of Cuticura Ointment and a cake of Cuticura Soap before I had them half used my baby was cured. His head is now covered with a luxuriant growth of hair and his complexion is admired by everybody and has no disfigurements. I hope other mothers will profit by my experience and not be worn out with poor babies who are tortured with skin and scalp affections." (Signed) Mrs. Annie Saunders, Sept. 29, 1911.

Cuticura Soap and Ointment do so much for poor complexioned, red, rough, itchy, and dry, thin and falling hair, and cost so little that it is almost criminal not to use them. Sold by dealers throughout the world. Liberal sample of each mailed free, with 32-p. book on the skin and scalp. Address postcard "Cuticura, Dept. T, Boston."

60-Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.
